Kittrell's Springs Female College.

GRANVILLE COUNTY, N. C.

THE NEXT SESSION of this Institution will open the second Wednesday in February, 1868. The location is unsurpassed for health and accessibility.

During the past session, in a family of nearly two hundred, there has scarcely been a case of sickness. The health of many invalid young ladies has been thoroughly restored by the celebrated mineral water found here and they have prosecuted their studies with entire success.

We are immediately on the Raleigh & Gaston Railroad, within less than a half mile of Kittrell's Depot, and in telegraphic communication with all parts of the country.

Every facility is afforded for the most thorough and extensive education.

The Faculty is composed of five male Professors and seven lady Teachers.

Everything is new. Our musical instruments, including Piano Organ, Harp and Guitar, are of the finest quality.

Special attention paid to thoroughness in the English Course.

TERMS MODERATE and ACCOMMODATING.

The young ladies all worship in the College Chapel, and hence no extra clothing is required. Millinery is in no demand at Kittrell's. Parents tell us that their daughters cost them less here, in this respect, than even at home. Taking into consideration the items of dress and medical attendance, there is no cheaper school in the South. Besides, we are determined to accommodate our patrons as far as we can, as to time of payment, and to put female education within the reach of the poorest, in the present depressed condition of the country. OUR DAUGHTERS MUST BE EDUCATED.

By Calling upon the Agency in Raleigh,

OVER THE MESSRS. TUCKER & CO'S STORE.

THE superior merits of the "Singer" Machines over all others, for either *family use or manufacturing purposes*, are so well established, and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

The machine in question is simple, compact, durable and beautiful. It is quiet, light-running and capable of performing a range and variety of work never before attempted upon a single machine,—using either silk, twist, linen or cotton thread, and sewing with equal facility the VERY FINEST and COARSEST materials, and anything between the two extremes, in the most beautiful and substantial manner.

THE CONSERVATIVE CONVENTION.

We are gratified to be able to state, that, at the time of writing these lines, there is every indication that the Conservative State Convention, which assembles to day, will be well attended. It not only promises to be a success, in point of numbers, both as to delegates and counties represented, but it will embrace many of the first minds and some of the foremost representative men of the State. It will present, as a faithful reflection of the true and genuine North Carolina sentiment, a remarkable contrast to the so called "Constitutional" mongrel concern in the Capitol.

We trust, and have no doubt, that the deliberations of the Convention will be harmonious and pleasant, and that they will be such as to redound to the interests and welfare of the people of North Carolina, and the restoration of the Union on just and honorable principles.

CAPITAL.

There is certainly no real impediment to the profitable investment of capital in North Carolina, except the blighting influence which must be exerted upon the body politic, by Radical reconstruction and Radical rule. This, to our minds, is an impediment of no inconsiderable character—such an one as would prevent us from any large investment in anything, if we had millions.

We reach this conclusion from no partizan stand-point. Our estimate of *our present status* and future prospects is based upon a close analysis of the practical operation of Radical principles and measures, and not from any selfish or partizan prejudgment of the case.

Men of capital look not at present developments only. They are generally men of foresight, energy and powers of close calculation. They want security, certainty.—Hence they look to the political condition—to the character of the legislation and of the legislators. Property, in their estimation, must be protected, not only against violence and against fraud, but against unfriendly legislation. How can this be secured, when property has no guarantee, either in the intelligence, the virtue or the property of the representative? How can men of capital be expected to risk investments, when the legislation of the State and the organic law afford no protection from the caprice of the demagogue or the rock violence and ignorance and irresponsibility of a large class of voters? When the dearest interests of the State are placed in the hands of 70,000 ignorant and thriftless blacks, led and controlled by partizans and irresponsible whites, who regard their own interests as the paramount consideration, regardless of the intelligence and virtue and wealth of the State, who can look for capital and enterprise and good order in society? These are considerations which must always weigh with men of sense and public spirit.

But shall North Carolina be Radicalized and Africanized? Shall the great interests of civilization, of public and private virtue, of the common weal and intelligent progress and conservation of society, be placed in the hands of that portion of the community, who have allowed themselves to be arrayed in bitter hostility to the intelligence and virtue and material wealth of the community? We hope not. Every citizen of the State owes it to himself and his children to prevent such a result by all legitimate and proper means.

The restoration of the State to her ancient conservative position, would arouse the latent energies of our people to an eminent degree—would soon inspire personal and political confidence, start afresh long neglected enterprises, and give a stimulus to investment, never before known. Our large farm system would be soon abandoned for the more thrifty and profitable small farm system—smiling cottages would take the place of wasted fields and profitless forests,—the busy hum of business would revive our drooping towns and villages—factories, with spindles, looms and other machinery, would crowd our streams, and our mining operations would be multiplied a thousand fold. Who does not wish to see a good time, once more, for the old North State? What Conservative will not work and toil for it?

RELIEF FOR THE PEOPLE.

One of the best provisions made by the Legislature of the State, for the relief of the people, was the act passed at its last session, preventing the sacrifice of property, by forbidding the Sheriffs from selling property at less than three fourths of its appraised value. This law is said to be unconstitutional, but it has this virtue in it, that, in the first place, the property is held by the judgment executed upon it, so that the creditor is not defrauded, and, secondly, it prevents the ruinous sacrifice of property to gratify the avarice of heartless creditors and speculators. Many of the members of the Convention are anxious to relieve the people. Would they not do better to reach the object in that way, which really seems to be least obnoxious to the spirit of the Constitution than any other proposed, by urging Gen. Canby to arrest all ruinous sales of property for any kind of debt at this time, and by making such other temporary arrangements in this direction as will meet the case, than by inserting into the organic law any thing which favors repudiation.

YESTERDAY.—We have no time to analyze, for our readers, the proceedings of yesterday. It will be seen that no action was arrived at on the Relief question.

The "Constitutional Convention," (So-called.)

TUESDAY, Feb. 4, 1868.

The Convention was called to order at 10 o'clock.

Prayer by the Rev. H. T. Hudson, of the city.

A letter from Gen. Canby to Messrs. Abbott and Ragland, Committee appointed to confer with him in regard to the payment of mileage, pay, &c., was read.

Mr. Jones, of Washington, moved, in view of the tenor of the letter, that the Finance Committee be instructed to report a tax bill by Thursday morning next.—Agreed to.

Mr. Welker presented a memorial from certain citizens, praying that the distillation of grain be prohibited for five years.—Lies over.

Mr. Rodman, from the Judiciary Committee, submitted the following reports:

On ordinance in relation to holding office—asking to be discharged from its further consideration, as the matter was under consideration by the Committee on Legislature;

On ordinance in relation to the election of Judges by the people—unfavorably;

On ordinance in relation to proving Conveyances—unfavorably;

Also the following article to the Constitution: "That the General Assembly shall provide, by law, that mechanics and laborers should have a lien on the subject matter of their labors;"

Also on ordinance respecting the admission of Attornies to the bar of this State, introduced by Mr. Welker, of Guilford.

By consent, the ordinance, as reported, was put upon it passage, and the yeas and nays being called by Mr. Durham resulted, yeas 78, nays 20.

Also on an ordinance in regard to a change in the usury law,—recommending that the law remain unchanged, but, as the matter belongs properly to the Committee on Legislature, asking it reference to that Committee. Agreed to.

Also, an ordinance dissolving the bonds of matrimony between Nancy Hopkins, of Granville county, and her husband; which was laid on the table.

Mr. Forkner moved to reconsider the vote of yesterday, concerning the Wilmington, Charlotte & Rutherford Railroad.

Mr. Ellis wished to take up the unfinished business on the calendar.

Mr. French, of Bladen, moved to lay the motion to re-consider on the table.

The yeas and nays being demanded, the Secretary called the roll, and the motion to table prevailed—yeas 67, nays 40.

The President then announced the following gentlemen, as the Committee, created by Hood's (negro) resolution, to report the names of persons whom this Convention may see fit to recommend to Congress for a removal of their political disabilities, viz: Messrs. Nicholson, of the 1st District; King, of Lenoir, of the 2nd; Hay, of the 3d; Tourgee, of the 4th; Hood, (negro,) of the 5th; Forkner, of the 6th; Jones, of Caldwell, of the 7th; and Gahagan, of the 8th.

Mr. Welker's ordinance, prohibiting the distillation of grain, after being amended, by Mr. Tourgee, so as to make it take effect in ten days after its passage, instead of Feb. 10th, was, on motion of Mr. Graham, of Orange, referred to the Committee appointed to confer with Gen. Canby.

Mr. Abbott presented a resolution, authorizing the Secretary to prepare a list of the delegates, showing the number of miles travelled by each delegate, and amount due for mileage, as the money was ready. The rules were suspended and the resolution adopted, (of course, and gladly.)

The hour of 12 having arrived, and the Relief Bill being the special order,

Mr. Rodman, as Chairman of the Committee, was entitled to the floor. He entered into a lengthy argument in defence of the Report. He did not think the passage of the measure would in any way come in conflict with the requirements of the Constitution of the United States. Mr. R. based his main argument upon the assumption, that we were not a State of this Union, and, therefore, were not held up to a strict accountability, but, as individuals, we were bound by its provisions. He proceeded to combat the substitute proposed by Mr. Graham, of Orange, (which we may publish to-morrow,) and to offer his objections to the various propositions offered. He denied that the measure hinted at repudiation, but merely stayed the collection of certain debts temporarily, to prevent utter ruin falling upon the people.

Mr. Graham, of Orange, said substantially: Having previously occupied the time of this Convention at some length, on this question, I do not propose to make any extended remarks at this time. I stated, in the former discussion, that I doubted the power of this Convention to legislate. Admitting, for the present, the constitutionality of the reconstruction acts, must we not follow the letter of the law? I have heard gentlemen, who claim that this Convention has full and sovereign power, quote Judge Gaston as their authority. Mr. President, I do not so understand him. He says, "according to the theory of our government, all political power was derived from the people, and when they choose to make a grant of power, they might make a plenary or restricted grant, might give it all or in part." I take it for granted that delegates claim authority for this Convention, from the fact that the proposition of Congress has been approved by the people. Are not conditions prescribed in that proposition, and is it not to be regarded as our Power of Attorney? But as there is such distress among our people, I am willing to vote for the substitute I have offered, requesting Maj. Gen. Canby to enforce it, and hoping that it will be accepted by the people as a final disposition of this whole matter of old debts, which hang like an incubus upon the energies of our people—and that, affecting the remedy only, and not the obligation of contracts, it may not be held void by our Courts.

I propose that in all writs in debt, which shall be returned to Spring Term, and in all suits for such causes of action, now pending in Superior Courts, that the plaintiff may pay or confess judgment for one-tenth. This will give until Fall Term to make this payment, if the defendant should not be able to pay this Spring.

But what is the proposition of the Committee on the subject? To take away from the Courts all jurisdiction of debts prior to May 1st, 1865, and, also, put in the new Constitution a clause prohibiting the Courts from entertaining jurisdiction of such causes of action, unless the plaintiff shall, by deed, stipulate to take one-tenth every year.

Mr. President, I believe that as much relief is granted by the ordinance I propose as any honest man would ask for. I have heard it stated that it is necessary to put this clause in the Constitution to secure its adoption. This, I must say, with all due respect to its advocates, I consider an insult to the people of North Carolina. We hear of merciless grasping creditors, but what shall we say of this attempt to take advantage of the distresses of our people, to secure the adoption of a Constitution, which they do not approve? Is the party of great moral ideas to be built up in this way? I do trust, gentlemen, you will not offer this insult to our people. They are poor—they are distressed, but I do not believe they are willing to sell their birth-right for a mess of pottage.

As I have said before, a great deal of our distress comes from the U. S. Courts and the expenses connected with filing petitions in Bankruptcy. Let us petition Congress on this subject to extend the time and enlarge the exemptions. By doing this and adopting the ordinance I have proposed, we will give true relief, and leave the people to vote as they choose upon the adoption of the Constitution we may make, and not endeavor to force upon them a Constitution which they may detest by taking advantage of their necessities.

Mr. McDonald, of Chatham, opposed Mr. G's. substitute, and concurred with Mr. Rodman in his views of the matter, and proceeded, at some length, to give his ideas of what he considered a good and lasting relief.

[Here a colloquy occurred between Mr. Jones, of Washington, and Mr. Graham, of Orange, as to whose substitute had the precedence.]

The Chair decided in favor of Mr. Jones and Mr. Graham appealed from the decision of the Chair.

The appeal was sustained.

Mr. Jones, of Washington, by the courtesy of Mr. Rodman, who was entitled to the floor, next occupied the attention of the House, in discussing the measure. He opposed the bill, as reported, and also Mr. Graham's substitute. He thought the matter had better be left to the civil courts, subject to the control of the General Commanding.

Mr. Tourgee wished to offer an amendment to Mr. Graham's substitute, but the chair decided it out of order.

Mr. T. appealed from the decision of the chair.

The appeal was not sustained.

Mr. T. then gave notice that he would introduce the amendment at the first opportunity.

Mr. Abbott was apprehensive of all such measures. He wished to relieve the suffering people, but thought the matter should be handled with great care, especially when it could, in any way, be construed into any thing like repudiation. But as the report, as amended as Mr. Tourgee proposed, would only be a small step and have but a temporary power, in view of the present great distress, he would vote for it.

Mr. Welker also favored the amendment.

Mr. Fullings did not believe in special legislation in such matters. The rights of the poor and honest creditors, and their earnings of years of toil, should also receive some consideration at the hands of this body. They had worked, made money and loaned it in good faith; they had sold articles that cost them many a weary day's labor to produce; and now, that they were poor and needy, were the richer classes, who were in their debt, to be sheltered by this measure?

Mr. Stilley favored the bill, as reported.

Mr. King, of Lincoln, did not like stay laws in any shape or form. Only dishonest debtors were always praying for one. He represented honest people, and did not want one.

Galloway, (negro,) would not vote for repudiating any honest debts. He would only vote for repudiating debts, contracted in the purchase of slaves, after the proclamation of 1863, and debts contracted to carry on the war. He wished to be known as a "non-repudiator." He favored Mr. Graham's substitute, and, with a few amendments, would give it the preference over any other that had been yet introduced.

Hood (negro,) moved to postpone the whole matter until the report of the Committee on Homesteads had been disposed of.

Mr. Rodman wished to arrive at a direct vote to-day, and called the previous question; but withdrew it, in order to allow Mr. Fullings to make an explanation.

Mr. R. then renewed the call, but again withdrew it, in favor of Mr. Rich, who moved that when the house adjourn it adjourn until half past seven this evening; and that the house do now adjourn until that hour.

Mr. Heaton moved to amend by making it 10 o'clock to-morrow morning. Carried.

Then the question of adjournment, according to the amendment, was put and carried.

THE WITHDRAWAL OF COMMODORE VANDERBILT FROM THE SUPPORT OF GENERAL GRANT FOR PRESIDENT.

The New York correspondent of the Philadelphia *Ledger* writes, on the 30th, as follows:

"There is quite a stir in political circles over a letter which Commodore Vanderbilt has just addressed to Mr. A. T. Stewart, giving notice that he (Vanderbilt) has withdrawn from the Cooper Institute movement, which had for its object the nomination of Gen. Grant to the Presidency. The reason assigned for this unexpected defection is the course the General saw fit to adopt in regard to the reinstatement of Mr. Stanton in the War Department. The letter is very sharp, and there is a loud call for Mr. Stewart to make it public.

Commodore Vanderbilt's friends intimate that the communication was intended for print, and that if the gentleman to whom it was addressed does not permit it to be made public, he may send a copy of it to the newspapers.

The importance of this withdrawal consists in the fact that the Commodore is one of the wealthiest men in New York, and that he publicly declared, not long since, that he was prepared to spend half of his fortune to help make General Grant President.

Among the "Notes in the Capitol" the *National Intelligencer*, of Saturday, prints the following:

"In the Senate, the chair presents the Ohio resolutions rescinding the assent given to the constitutional amendment. Mr. Sherman does not like this at all; does not think they have any right to change their vote once given, though it was, as all know, a snap judgment taken on the people in many States. As to the legal principle, Mr. Reverdy Johnson and Mr. Sumner concur that a State cannot change its vote once given; and, therefore, we have to say that thirteen of the thirty-seven States having once *rejected* this amendment, it is dead, in law, beyond any power of negro resurrection or insurrection, or other Radical experiments. If the Radicals do not choose to act on this undeniable proposition, the Democrats will, and we will see who has the longest wind in the business."

CONSERVATIVE STATE CONVENTION.—This body will assemble in Raleigh, Wednesday, February 5th. We are pleased to perceive that most of the counties have held meetings, appointed delegates, and will be represented by many of their best and true men. Compared with the present pigmy body, convened at the Capitol, to make a State Constitution, it will be as a mole-hill to the Great Pyramid. We would suggest that the whole business of making the Constitution be turned over to the Conservative body by the woolly-heads. What say you, *Doctor Cowles!—Statesville American.*

Gen. Meade has issued an order giving force and effect to the ordinance adopted by the Florida Convention, forbidding sales of property on execution or other legal process. The Florida Convention also suspended the collection of all State and municipal or County taxes. This portion of the ordinance the commanding General does not approve.

LETTER FROM PROF. KERR, THE STATE GEOLOGIST—PROGRESS OF THE SURVEY.

We are indebted to his Excellency, Gov. Worth, for a copy of the following recent communication from Prof. W. C. Kerr, the State Geologist, giving some interesting information in connection with the prosecution of his labors:

HIS EXCELLENCY, JONATHAN WORTH,—SIR: It was my intention to have out for your inspection, and for the information of the public, a succinct account of my operations, in the conduct of the geological survey, during the past year, as soon as I should be able to compute the instrumental observations, and write up the field-notes of the summer and autumn's work. But, since your Excellency and the Literary Board have thought it best that I should respond to the appeal of the Trustees and Faculty of the University, and devote a portion of the ensuing two or three months, that are unsuitable for out-door explorations, to the delivery of a course of lectures in the Chemical and Geological departments recently left vacant, I must content myself, for the present, with merely indicating to you, in a general way, the field of my operations, and the general character of the work done and of the principal results obtained.

The report of progress, submitted last winter, closed with a brief account of the tier of counties lying along the west side of the Blue Ridge, including the plateau of the French Broad.

The work was resumed here in the Spring, and the preliminary survey, or reconnoissance, completed for these counties, and advanced some distance to the east side of the Ridge, so as to include, as the entire territory explored, the following counties, viz: Henderson, Transylvania, Buncombe, Madison, Yancey, Mitchell, Polk, Rutherford, McDowell, and a portion of Wautauga, Caldwell and Burke. It will be observed that the work progresses by parallel tiers of counties, running Northeast and Southwest, for reasons explained in the previous report, and connected obviously with the leading geographical, as well as geological, features of the region. In the prosecution of the plan of operation, explained in last year's report, there appears, through this section, the same continuity and persistence of geological structure and mineralogical character, along the outcrop of the different formations that traverse the State, which was so conspicuous in the more Western counties; so that along the line of the successive transverse sections, the principal typical and regulative formations are readily identified. To this statement there is one exception, in as very remarkable interruption, which occurs along a North and and South line, nearly coincident with the boundary which separates Mitchell from McDowell and Wautauga. Yet the same very singular relation (or rather want of relation) between the direction of the mountain chains and the line of outcrop (or axis of upheaval) is observable here as in the region lying further West; thus furnishing an additional and very striking confirmation of one of the latest and most important conclusions of geology, derived from the study of the origin of mountains in other parts of the world.

The topography of this region, to which considerable attention was given, presents some singular and interesting features which *ought to have* an important relation to future works of public improvement.

The elevations and angular positions were taken of the highest peaks and main spurs of the Smoky mountains, along the North West border of the State, from Paint Rock round to the Big Bald, in Yancey, as well as several summits of the Walnut range; and all these were connected with the bench-marks of the Railroad survey along the French Broad. A similar series of observations was carried along the crest of the Blue Ridge and Saluda chains, from the head-waters of the French Broad in Transylvania to and beyond Hickory Nut gap. An accident to my instruments, at this point, alone prevented the completion of the chain of triangulation which will connect the extensive and elaborate topographical survey of Prof. Guyot, in the Balsam and Newfound mountains, on the one hand, and the Black and Roan on the other. This leaves a fortnight's work for another season.

The most important mineral deposits in this region are the remarkable iron beds of Mitchell, to which reference was made in the former report. Several additional deposits of value have come to life in this county, and also in Madison and Yancey. A promising vein of silver lead ore was discovered during the past summer in Wautauga, and a similar one is reported in the Unaka mountains of Mitchell. There are several valuable gold mines (both placers and veins) in Burke, McDowell and Rutherford, and a considerable quantity of bullion is still obtained in various parts of these counties. Gold has also been found to some extent on Pacolet river, in Polk, and also at Sandy Plains, near the Southern border of the same county; and also in Transylvania on Boylston, and again in the Southeast part of Wautauga.

But the wealth of these counties lies mainly in their great agricultural resources. An illustration of what might be done in the way of developing these resources is found in Transylvania and Henderson.—The judicious employment of lime during the last decade before the war had entirely transformed the agriculture of these counties, converting the extensive and comparatively unproductive alluvions, along the French Broad and its tributaries, into fertile corn fields, which yield from 40 to 60 bushels per acre. Buncombe, Madison and Yancey are good wheat counties. All the counties along and beyond the Blue Ridge are admirably adapted to the production of corn, rye, oats, barley, buckwheat, potatoes, cabbages, and fruits, and no doubt portions of them to the vine also, since the famous Catawba originated here, in the valley of the French Broad. The native range for stock is excellent, and both climate and soil are peculiarly suited to the growth of the most valuable grapes. There is probably no region East of the Mississippi which surpasses this for stock, particularly sheep. As to the counties along the eastern base of the Ridge, my impression is very decided that the culture of tobacco would prove successful and lucrative.

The general condition of agriculture in many parts of this region is much better than is commonly supposed. For example, there are few localities, outside of Hyde county, that surpass, in production of corn and general high state of cultivation, the upper valley of the French Broad in Transylvania. There is also some finely improved country along the Wautauga River, and the upper waters of the Catawba, not to mention smaller bodies of fertile bottoms which are found on all the streams.

There is a vast abundance of ship, barrel and cabinet timber throughout this section, which only await the approach of railroads to become a large means of occupation and source of wealth to the inhabitants.

The discovery of an extensive bed of phosphate of lime of immense value near Charleston, S. C., during the last summer, led me to make a tour among the [geologically] similar formations in the Eastern part of this State, with the hope of finding like deposits; but without success. I had hoped in favorable intervals of the weather, during the winter, to make some explorations among the marl beds and swamp lands of that section; but of course these must be postponed for the present.

In the Barometrical observations made during the past year, I have had the valuable and efficient aid of Capt. W. Cain, of Ashville, volunteer assistant.

Another season's work will complete the preliminary survey of the Western portion of the State, so as to connect with that of Dr. Emmons on the lower Catawba, and will put me in possession of sufficient material to construct a geological map of the State, which has long been so great a desideratum.

Your most obedient servant,
W. C. KERR,
State Geologist.

IMMENSE MASS MEETING IN NEW YORK TO SUPPORT THE PRESIDENT.

The New York papers, of Friday, contain full reports of the great mass meeting held in that city Thursday night. They say that the great hall of the Cooper Institute was thronged by an audience who assembled to oppose the usurpation of Congress and the Radical policy of reconstruction. Shortly before the hour appointed for the proceedings, every seat and the lobbies and aisles of the building were occupied, and those who arrived at a late time were unable to come within hearing distance of the speaker. To give *eclat* to the demonstration a fine brass band was stationed near the entrances, which performed a variety of patriotic airs throughout the evening; and, under the auspices of the committee of arrangements, a large number of rockets were discharged in the square opposite the Institute, which was illuminated by a great calcium light at one of the buildings on Third avenue. The platform was handsomely ornamented with the national colors, and on the rear of the rosturm appeared a bust of Washington, underneath which was the inscription:

"We stand by those who stand by the Constitution." "The spirit of '76 still lives."

The meeting was called to order at 7½ o'clock, when the Hon. Hugh Maxwell was nominated as chairman. * * *

THE RESOLUTIONS.

WHEREAS, The Constitutional Union movement, under the auspices of which this meeting assembles, is an association of citizens formed without reference to party, to support those who "Stand by the Constitution," that Constitution so wisely framed by our fathers as truly to constitute this the best government the world has ever yet seen, while it is sacredly adhered to; and

WHEREAS, The majority in Congress, in culpable disregard of this momentous truth, have measurably discarded the authority of this great instrument, our only safeguard, and have sought to divest the co-ordinate branches of the government—the Executive and Judiciary—of their legitimate authority, and to impose upon the country a discordant government, at variance with the cardinal principles of the Constitution and of republican government, rendering the military supreme over the civil authority, that last and greatest of wrongs against a republic; Therefore, be it

Resolved, That this revolutionary action of a majority in Congress, being for the avowed purpose of perpetuating power in the hands of a faction, whose extreme and intolerant measures have made them justly obnoxious to the censure of the people, excites the liveliest apprehensions in regard to the future well-being of the Republic.

Resolved, That as a consequence of this wrong-doing by such majority of Congress, in acting without scruple "outside of the Constitution," the people should come to the rescue; and in holding accountable and condemning these violations of the organic law, save the government and the country from the ruin which threatens both.

Resolved, further, That the Constitution, as a whole, embodies the supreme law, and the only expression of the people of these States of their will; and that in the creation of executive, judicial and legislative departments, each of them became the trustee and agent to preserve and execute all the functions of its own department for the people; and any attempt by either to interfere with the duties or powers of the other is revolutionary, and should be sternly frowned upon and repressed.

Resolved, That we regard with alarm the various schemes and enactments of the present majority in Congress, relating to the establishment of civil governments in the Southern States, these schemes being animated by sectional, personal and party purposes; seeking to elevate to power the negro race, and involving usurpation by Congress of powers which plainly belong to the other departments of the government.

Resolved, That the continuance of the military dictatorships in the States still excluded from the Union, is a gross wrong on the Constitution and on the rights of those States and a menace to the remainder; and is wholly at war with the spirit of our republican institutions.

Resolved, That President Johnson has won our highest respect and regard by the able, earnest and patriotic course he has pursued in defending what is left to us of constitutional government; and that, still faithful to his oath of office and his strong convictions of right, the Constitutional Union organization will lose no opportunity of sustaining him with all the power which is left to them, as American citizens, deeply anxious for the best welfare of the *entire* nationality.

Resolved, That the object of this meeting is not to nominate a President of the United States, or indicate directly or indirectly the name of any candidate for that office.

Letters were read from Senator Doolittle and George Ticknor Curtis, and a number of speeches were made by distinguished gentlemen, all of the tenor of the resolutions above printed.

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, FEBRUARY 5, 1868.

The State Conservative Convention will assemble, this morning, at 11 o'clock, in Tucker Hall.

We make our acknowledgments for the favors we have received, at the hands of friends visiting the City, in the way of subscriptions to the *Sentinel*.—We shall be pleased and flattered to see any and all of them at our office.

Personal.—Among the Delegates to the Conservative State Convention, who have so far arrived, we are pleased to see several of our brethern of the Conservative Press. We have been gratified by visits from the Hon. Lewis Hanes, of the Salisbury *Old North State*, Maj. Engelhard, of the Wilmington *Journal*, Mr. Drake, Jr., of the Statesville *American*, and Mr. Stone, of the Roanoke *News*.

Bishop Atkinson's Lecture.—We are reluctantly compelled to defer our account of Bishop Atkinson's admirable Lecture, before the Young Men's Christian Association, on Monday evening. It shall appear to-morrow.

Leaving the State.—Some sixty or seventy young looking men passed over the Raleigh and Gaston Road, yesterday, on their way to the West, *via* Weldon. They said that they were leaving North Carolina on account of the gloomy and unsettled condition of things. This is one of the legitimate results of Radical rule.

It is a source of regret to us that the pressure on our columns has been so great of late, and is likely to be so great for some little time to come, as to exclude our usual miscellany. We shall soon, however, we hope, be able to give our readers the variety which ought to make up every *newspaper*.

The "truly loyal" will meet in Convention, in this City, on the 26th, for the purpose of nominating a ticket for State officers. May we beg of them to nominate the X. P. G. for Governor! We take it for granted that a "cullud gemman" will be nominated for Lieut. Governor. Boots feels that he was unkindly overlaughed in the matter of the Doorkeepership. Why not make him amends?

It is a grim joke—that of the pilgrims from Cape Cod, Passamaquoddy, and the Great 8 Iota, now enacting in the Grand Menagerie. How glibly these, our "best benefactors," talk through the nose of developing *our* immense resources, and promoting *our* manufactures, sustaining *our* Railroads, and raising revenue by the taxation of *our* lands, and making a new and improved Constitution for *our* people!—Their cool impudence is only equalled by the brazen-faced Peripatetic of old, who, in his wanderings up and down the earth, seeking whom he might *enlighten*, took our Savior up into an exceeding high mountain, and promised to give him all the surrounding country and the glory thereof, on the sole condition that he would fall down and worship him. But all the world knows the old rascal had not a foot of land then, that he could call his own!

The "truly loyal" in this Congressional District propose to hold a Convention in Raleigh, on the 26th inst., for the purpose of nominating a candidate for Congress.—James Harris has the inside track, but the "Keeper of the Archives" is said to be active in the race. Where's Booker?

Mr. Battle Right.—It appears that Gen. Canby, in his reply to the Committee in reference to the *per diem*, states that the Public Treasurer *takes a correct view of his duty*, and that he (Gen. C.) cannot order him to furnish the money out of the Public Treasury, until the Convention levies a tax, to be collected according to the Reconstruction Act, to pay the expenses of the Convention; in order to re imburse the Treasury. Those who have so terribly condemned and denounced Mr. Battle, may now be expected to "haul in their horns."

Dray Hides Wanted: Apply to W. H. Jones & Co.

Corn, Oats, Potatoes, Flour, Bacon: For sale by Douglas Ball, Fayetteville Street.

A dispatch from Washington to the New York *World* states that so confident is the Republican party that the Radical constitution submitted yesterday to the people of Alabama will be carried, and Radical Representatives to Congress elected at the same time, that preparations are being made by the Union Congressional Committee to fire a salute of one hundred guns in the vicinity of the Capitol.

CONSERVATIVE MEETINGS.

Hertford.—A large meeting was held in Murfreesboro, on the 1st. H. C. Maddrey, Esq., presided and Dr. W. E. Poot was Secretary. The following resolution, among others, was adopted:

"*Resolved*, That we endorse the course pursued by Plato Durham, Esq., and other Conservatives, in the present (so-called) Convention of N. C., and that our thanks are due, and are hereby tendered, to them, for their noble stand in opposition to Radicalism."

A number of delegates were appointed to the Convention, which assembles in this City to-day.

Cantebet.—E. L. Perkins, Esq., presided at the meeting in this County, held at Newport, and J. W. Bell was appointed Secretary. A large list of delegates, embracing some of the best men in the County, was appointed to the Convention.

Robeson.—The meeting in this County was held on the 29th ult. T. J. Morisey, Esq., presided, and A. W. Fuller was Secretary. Fifty delegates were appointed to the State Conservative Convention.

Ashe.—Dr. A. B. Cox presided at the meeting in this County on the 25th., and J. W Todd acted as Secretary. The Chairman, on taking the chair, made an eloquent speech. Excellent resolutions were adopted, and twenty-five *white* citizens of the County appointed delegates to the Convention. In default of the attendance of any of the delegates, Hon. Z. B. Vance, Hon. A. S. Merrimon and Jno. G. Marler, Esq., were requested to represent the County.

Catawba.—The meeting in this County was held on the 31st. Jacob Mosteller, Esq. presided, and R. Yoder and J. J. Hicks were Secretaries. G. M. Yoder Esq., delivered a patriotic address. Excellent resolutions were adopted, opposing, in eloquent and emphatic terms, secret political associations, negro equality and negro suffrage, and endorsing the patriotic course of Dr. James R. Ellis, the delegate from Catawba in the so-called Convention. Dr. E. was also requested to represent Catawba in the Conservative Convention, with Rev. W. E. Pell, as Alternate. Other delegates were also appointed.

Caldwell.—The meeting in this County was held on the 1st. inst. Gen. S. F. Patterson presided, and J. Mason Spainhour and E. W. Fancette acted as Secretaries. The excellent Chairman made an appropriate address, on taking the Chair. The resolutions pledge unqualified opposition to Radicalism in all its forms, declare for the supremacy of the white race, and applaud President Johnson. Twenty-five delegates were appointed to the Convention, and, in default of their attendance, Hon. Jno. H. Bryan, Hon. Chas. Manly, H. W. Husted, Esq., and Maj. W. W. Dickson, were requested to act as proxies.

Burke.—The meeting in this county was held on Saturday last. Col. J. J. Erwin presided and E. W. Dorsey, Esq., acted as Secretary. Twenty five delegates were appointed to the State Convention. Among the resolutions reported by the Committee, of which A. C. Avery, Esq., was Chairman, is the following:

Resolved, That it is the duty of the people to yield a ready obedience to the military government, under which we live, and that while the mildest military rule must be a despotism, it is our true interest to reject the Constitution to be framed by the motley Convention now assembled in North Carolina, and, trusting to the generosity of the Northern white man and the return of sympathy, displayed in the recent elections North, "to bear the ills we have" rather than submit to the proscriptive misrule and persecution that would be inaugurated with Radical and negro supremacy.

Arrangements were made for a Conservative Mass Meeting in Morganton on the 15th. inst., and an Executive Committee for the County was appointed.

Mistake.—It appears, from the correspondence of the New York *World*, that the statement about Judge Field, in regard to the unconstitutionality of the Reconstruction Acts, is incorrect. It is said that the person who made the declaration *resembled* Judge Field, but was another man.

Among the speakers who will take part in the New Hampshire campaign, on the Conservative side, are Senator Doolittle, Hon. George H. Pendleton, Hon. D. W. Voorhees, Montgomery Blair, Hon. Emerson Etheridge, Hon. E. F. Pillsbury, of Maine, and others.

Hon. Joel Parker, at the head of the law school in Harvard University, has tendered his resignation in consequence of advancing years. Professor Parker has been connected with the University for twenty-one years.

Taurlow Weed says: "In the present aspect of the Presidential question, the Republican candidate for President will need the vote of New York."

The Chicago *Times* states that on Sunday, January 10, Gen. Grant was *shamefully drunken* on the streets of Washington, only being able to walk by the aid of his father-in-law, Gen. Dent.

LEXICOGRAPHY AND ARITHMETIC.

Our Glorious Convention, even in its preliminary skirmishing, has accomplished wonders. It has given particular fits to old Noah Webster. Poor old simpleton! he thought that a negro was a black man, and, *vice versa*, that a black man was a negro. He derives the word from the Latin *niger*, and applies it to the "natives or descendants from the black man in Africa." But our illiterate reporters are sadly worried because they cannot at once fall into the new and improved nomenclature. Our glorious Convention have made, in the twinkling of an eye, between three and four millions of *gentlemen* and ladies, and their sons and daughters ditto, out of what used to be thought rather unpromising materials.—And here again they give old Noah another dig in the ribs. After defining what a *gentleman* is in Great Britain, he states that in the United States "the term is applied to men of *education and good breeding* of every occupation." And in his third definition he calls a gentleman, "a man of good breeding, politeness and civil manners, as distinguished from the vulgar and clownish." The old Yankee Lexicographer ought to be excused for his ignorance of what really constitutes the *gentleman*—for he had never been in our own glorious Convention—nor had ocular and auricular demonstrated of the "good breeding, politeness and civil manners" which prevail in that remarkably polite and very dignified body. But as to "education"—there must be an improved and expurgated edition of Horace, who in his first Latin has made an execrable blunder. Ought the young men at the University to be allowed to give the usual translation to the abominable word *niger* in "*Hic Niger est, hunc tu, Romane, caveto*?" By all means let the line be rendered in this wise: "He is a sweet *cultured gentleman*; oh Roman! take him to bed with you." But if the *scoffers will* talk about these gentlemen as if they were negroes, let them be very careful and pronounce the word right. Let it be neither *nigur* or *nigger*—or the scoffers may in their turn be "pronounced," on the floor of the Convention, too, to be "d—d liars." Such sprightly effusions of "good breeding, politeness and civil manners" are not unknown among the exquisite quintessential gentlemen of that highly spiced and peculiarly educated assemblage.

But the great improvement achieved by the glorious Convention is in arithmetic.—The Convention of 1835 proved themselves to be the merest tyros in figures, as in most things else. They had scarcely gone three inches into the horn books and had to practice the rules of addition and subtraction by counting their old rusty fingers.—Of multiplication and division, either simple or compound, they seemed to be utterly ignorant. But these rules, especially compound multiplication and division, are but the very A B C of the enlarged loil spirits that adorn the Convention of 1868.

In the first place, those miscreable, blundering old fogies, and "unrepentant rebels"—Heaven forgive them!—were in session only 38 days, all told; and each one was verdant enough to be satisfied with only the pitiful sum of one dollar and fifty cents per day, and the absolutely contemptible mileage of five cents—thus degrading most shamefully the noble political art called "picking and stealing." Oh, could they have been in this blessed age, they might easily have voted themselves $8 per day, 20 cents per mile, and held on 3 months—and made a good thing of it, as we shall do; thereby illustrating patriotism and putting money in the purse besides, as all eminent patriots ought to, whenever they have a chance!—They were green as grass—and greener too. Why, the whole *per diem* of the whole 130 members, for the whole session of 38 days, with the whole mileage included, amounted to only $8,332. And the total cost of the Convention, including the pay of two Clerks, two Doorkeepers, sundry printing bills, &c., &c., all told, was exactly $10,-117.93 as the records show.

But their extreme greenness and folly, and their absurd disregard for their own purses, and the good of their families, will appear in a stronger light from a statement of a few of the particulars,—a comparison with them of the corresponding large and liberal provisions of *our* patriotic and most glorious Convention:

Nat Macon (Pres. in 1835,) for 38 days, *and* mileage, received	$63.50
C. J. Cowles, (Pres. in 1868,) for 38 days, *besides* mileage, charges	$380.00
Will. Gaston, per diem and mil. 38 days	69.60
Mr. C. D. Pierson, (col. gen.) beside mil	304.00
Henry Seawell, received for 38 days	57.00
Mr. James H. Harris, [c. g.] will receive	304.00
Wm B. Mearns, per diem and mileage	64.00
Mr. A. H. Galloway, [c. g.] mil. besides	304.00
John D. Toomer, per diem and mileage	65.00
Mr J. W. Hood, [c. g.] per diem alone	304.00
Calvin Graves, per diem and mileage	64.75
Mr. Wilson Carey, [c. g.] per diem alone	304.00
Jno. M Morehead, per diem	65.00
Mr. A. W. Tourgee, [not c. g.] "	304.00
Jos. J Daniel, per diem alone	62.00
Messrs. Eppes and Hayes, [c. g.] each	304.00
John Owen, per diem alone	65.50
Hon. or Gen. John C.—or J. G Abbott [quondam commander of Ethiopians, now commanded by them,]	304.00

and so on to the end of the chapter.

Our minds are marvellously expanded. We know how to "accept the situation"—and our bosoms heave and rise and swell with the crisis. So do our purses. We do the genteel thing, by our Door-keepers and Clerks. And have we not a Sergeant at Arms, to awe tatterdemalions that might otherwise indulge in a smile—and may be a sneer?—the use of which, those stately and solemn old fellows of 1835 did not understand. Neither had they a Reporter. Alas! they knew not Joseph! We have one who reports, and pockets six dollars per day. And by and by a side ordinance will pass, to pay him who prints these official Reports—and *he* shall *be liberally* paid too. Hurra for our side! Verily our horn is—and shall be—exalted!

CONGRESS.

WASHINGTON, Feb. 4, P. M.

House.—Mr. Fitz asked leave to introduce a resolution, authorizing the Secretary of War to commence a bridge over the Mississippi, at Rock Island. Spaulding objected.

The Committee on Freedmen's Affairs were directed to enquire into outrages in Maury and Giles counties in Tennessee, and report measures of relief.

Logan asked, but failed to obtain, leave to introduce a resolution that, after June 1st, 1868, U. S. bonds be taxed 2 per cent semi-annually, deductable when coupons presented.

The rights of American citizens abroad resumed. Several substitutes for Committee's bill were offered. The matter was postponed.

The forfeiture of Southern Railroad lands was resumed. Eldridge characterized it as cowardly and uncharitable, springing from a spirit of ill-will and revenge against the Southern people, for acts heretofore committed. The bill was conceived in a spirit of dissolution, instead of restoration, and was antagonistic to the avowed object of the war and violates the Constitution.

Lawrence, favoring the forfeiture, followed.

Julian, who reported the bill, refused amendments exempting certain roads from its operation.

Without final action, the House adjourned.

Senate.—The President was called on for instructions given to Pope and Meade for the government of the Fourth District.

Reconstruction was resumed, after which the supplemental tenure of office bill was discussed and recommitted and the Senate adjourned.

PUBLIC DEBT.

WASHINGTON, Feb. 4, P. M.

The increase of the public debt for January is about $12 000,000.

RIOT IN SAVANNAH.

SAVANNAH, Feb. 4, P. M.

A large negro meeting was held at the African Church, to-day, to advocate C. H. Hopkins for the office of Mayor, in the place of Mayor Anderson, now before a Military Commission. A disturbance commenced on the outside by disorderly negroes resisting the police, who attempted to arrest them. The negroes drew pistols on the police, and a row became general.

Reinforcements of police drove off the rioters, and captured the ring-leaders. Lt. Bell, of the police, was shot in the head and leg. Lt. Howard was knocked off of his horse with a brick. Several of the policemen and four or five negroes were wounded. The rioters dispersed but there is much excitement among them.

VIRGINIA CONVENTION, &C.

RICHMOND, Feb. 4, P. M.

The section requiring the Governor to be a resident of the United States for twenty years, and of Virginia for two years, adopted on yesterday, was reconsidered and recommitted.

The salary of the Governor was fixed at $6,000.

Another scene occurred in the Convention, to-day. Two members, having quarrelled in debate, started out of the hall for a fight, but the Sergeant-at-arms put a stop to it, by closing the doors.

A Company to run steamers between Norfolk, New Orleans and Venezuela, with a capital of two millions, was chartered to-day.

The Supreme Court of Virginia, to-day, in the case of a man sentenced to be hung, reversed the decision of the lower Court, on the ground that the prisoner had not been indicted by a Grand Jury.

ELECTION IN ALABAMA.

MONTGOMERY, Feb. 4, P. M.

The vote, to-day, on the question of ratifying the Constitution, was sixteen hundred and eighty one. The two white candidates voted; all the others were negroes.

North Carolina Land Agency.

Having associated myself with Gen. J. D. IMBODEN, of the City of Richmond, Va., to whose card below I refer the public,

FOR THE SALE OF LANDS, MINES, &c.,

in North Carolina, I invite those persons in the State, having such property for sale, to address me at Reidsville, N. C., and steps will be taken, at once, to call the attention of Northern capitalists to all such property.

Jan. 9th, 1868. D. W. COURTS.

Virginia Central Land Agency.

I have very recently perfected the organization necessary to conduct, on the largest scale, the business of selling

Lands, Mills, Mines, Furnaces, Water-Powers, &c.

My partner, Colonel R. J. PAGE, is in charge of our office in New York. In Philadelphia and Baltimore, I have Associates of the highest respectability and responsibility.

And for the sale of Lands, Mines, &c. in North Carolina, I am associated with D. W. COURTS, Esq., of Reidsville, for many years State Treasurer of N. C.

The facilities this Agency offers for the sale of Lands are not surpassed in the South. In regard to Mines of all kinds, I have made contracts with parties in the cities North of this, who make that branch of the business a specialty, both in this country and Europe, securing to me the widest possible field of operations, and in this city I have the aid and services of that accomplished Mineralogist and Assayer, Col. WILLIAM GILHAM, for the prompt analysis of all minerals that may be sent to me,—thus determining the value of mines, before they are offered for sale.

Terms:—For selling lands, five per cent commission on all sales actually made, but no charge whatever, unless a sale is effected. For Mines, an additional contingent fee, the subject of contract in each case, and payable out of proceeds of sale.

Reference is made to public men generally throughout the State, with most of whom I have the pleasure or being personally acquainted.

5th. That the Ætna's ratio of increase in premium receipts to its cost, is greater than that of any other Company, and four times the average. [See table "C," in Insurance Report.]

6th. That the Ætna's ratio of losses is sixteen per cent less than the average.

7th. That the Ætna's ratio per cent. of increase in Assets is greater than that of any other Company, and more than four times the average.

It will be observed from these compdrisons that many Companies do not make so good a showing as the Ætna, although they are unquestionably reliable.

The "ÆTNA" is an old and well-tried institution, and the above extract from the highest official authority upon the subject of Life Insurance commends the Company at once to the thoughtful and serious enquirer, who wishes to make a CERTAIN provision for those depending upon him.

The Ætna loans her customers one-half the premium as long as life lasts, at six per cent., if desired, and gives no restrictions in location or travel in the United States, at any season of the year, and pays her members the

LARGEST DIVIDEND

of any Company doing business in this State, and is PERMANENTLY LOCATED HERE; has paid more Revenue into the STATE TREASURY than any other Company, and paid more money to Widows and Orphans than any other, and therefore, with all of these facts, well deserves the largest patronage, and IS RECEIVING IT.

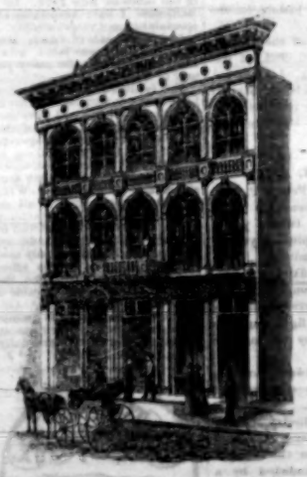
The ÆTNA, being a **STOCK COMPANY**, gives all the benefit of dividends to her insured and none of the liabilities usual in "Mutual insurance."

Six per cent interest is allowed upon the Capital Stock of $150,000, and the balance of the profit goes to the insured, which profit or dividend is larger than any other Company doing business in the State.

The ÆTNA has over

$1,000,000

ABOVE LIABILITIES.



THE ÆTNA IS A STRANGER TO LITIGATION.

A VERY IMPORTANT FACT.

HAS PAID 45,000 CLAIMS.

AND

HAS NEVER REFUSED TO RENEW A POLICY LAPSED DURING THE WAR.

Any other facts will be cheerfully imparted in the office, over the Store of Messrs. W. H. & R. S. TUCKER & Co.

The supremacy of the civil over the military, in time of peace;

The equality of the three co-ordinate branches of the government;

The sovereignty of the States over their own internal affairs, in strict conformity to the Constitution;

Opposition to Radicalism in all its phases.

As a NEWS journal, it shall be equal to any.

The principal markets will be regularly published.

Its LITERARY character shall be maintained and improved, by contributions from our best writers.

Important Order from Gen. Canby.

HEADQ'RS 2D MILITARY DISTRICT, CHARLESTON, S. C., Dec. 31, 1867.

General Orders No. 164.

I. Paragraph II of General Orders No. 10, from the Headquarters of the Second Military District, dated April 11, 1867, is modified as follows:

SUITS FOR DEBT.

Judgments or decrees for the payment of money on causes of action arising in North Carolina between the 20th of May, 1861, and the 20th day of April, 1865, and in South Carolina between the 19th day of December, 1860, and the 20th day of April 1865, shall not be enforced, by execution against the person or property of the defendant. Proceedings for such causes of action now pending, shall be stayed, and no suit or process shall be instituted or commenced on such causes of action until after the civil government of the respective States shall be established in accordance with the laws of the United States.

Paragraph III of the same order is modified as follows:

EXECUTIONS.

Sheriffs, coroners and constables are hereby directed to suspend the sale of all property upon execution, or process under any judgment or decree of a court of the so-called Confederate States, or of the State of North Carolina, rendered between the 20th day of May, 1861, and the organization of the provisional government of said State, under the President's proclamation of the 29th day of April, 1865, or of the State of South Carolina, rendered between the 19th day of December 1860, and the organization of the provisional government of the said State, under the President's proclamation of the 30th day of June, 1865, unless the written consent of the defendant be entered of record, and except in cases where the plaintiff or his attorney, upon oath, supported by corroborative testimony, shall allege that the defendant is disposing of, removing, or about to remove, his property beyond the jurisdiction of the court, with intent to defraud his creditors; *provided*, that no such judgment, so rendered, within the periods aforesaid, shall be a bar to the commencement, in a State court, of a new suit upon the same cause of action, in any case in which, by law, the defendant may remove or appeal the same to a court of the United States.

FORECLOSURE OF MORTGAGE.

The sale of real or personal property, by foreclosure of mortgage, is likewise suspended in the cases embraced in paragraphs II and III, of said order No. 10 as above amended, except in cases where interest money accruing subsequent to the 20th of April, 1865, shall not have been paid before the day of sale, and all previous restrictions on such sales are revoked.

Paragraph IV of the same order is modified by substituting the 20th day of April, 1865, for the 18th day of May, 186

Paragraph V of the same order is modified as follows:

SUITS ON BOND DEBTS.

All proceedings for the recovery of money on contracts, whether under seal or by parol, the consideration of which was the purchase of slaves, made subsequent to the 1st. day of January, 1863, are suspended. Judgments or decrees entered for such causes of action shall not be enforced.

Paragraph VII of the same order is modified as follows:

HOMESTEADS.

In all sales of property under execution or by order of any Court, there shall be reserved out of the property of any defendant who has a family dependent upon his or her labor, a dwelling house and appurtenances, and (if in the country) twenty acres of land, or so much thereof that the whole shall not exceed in value the sum of two thousand dollars; and in a town or city, the immediate lot upon which such dwelling house is situated; and necessary articles of furniture, apparel, subsistence and implements of husbandry, trade, or other employment, to the value of five hundred dollars. The homestead exemption shall inure only to the benefit of families. In other cases the exemption shall extend only to clothing and implements of trade or employment usually followed by the defendant of the value of two hundred dollars. The exemption hereby made shall not be waived or defeated by the act of any defendant who has a family dependent upon him or her for support, and the exempted property shall be ascertained and defined by the Sheriff or other officer enforcing the execution, who shall call to his aid two impartial citizens to make the necessary appraisement, and shall make report thereof to the Court.

ARREST FOR FRAUDULENT DEBTS.

Paragraph X is hereby modified so as to authorize arrest in civil actions *ex contractu* only in cases where the demand is past due, and the defendant has been guilty of a fraud in contracting the debt sued for, or has removed or disposed of his property, or is about to do so, with intent to defraud his creditors, or is about to leave the State with such intent.

EXECUTORS AND TRUSTEES.

Paragraph XVI, is amended by adding thereto: All proceedings in any court of North Carolina, or South Carolina, recognizing or sanctioning the investment of the funds of minor heirs, or of females, or of insane persons, in the securities of the late rebel government, or the securities of the States of North Carolina or South Carolina, created for the purpose of carrying on war against the Government of the United States, will be suspended until the question of the validity of such investments shall have been determined by the courts of the United States, or by national legislation. And nothing in the provisions of this order, or of the order No. 10 above cited, shall be held to bar or hinder the recovery, by suit, of the estate of any minor heir, female or insane person, (*cestui que trust*), whether in the hands of executors, administrators, trustees, guardians, masters or clerks of equity courts, and other fiduciary agents, or invested by them in their fiduciary character.

DISTILLERIES.

II. General Order 25, of May 16, 1867, is revoked; and on and after the first day of January, 1868, the distillation of spirituous liquors in this Military District will be subject to such restrictions only as are imposed by the laws of the United States and of the States of North and South Carolina, respectively.

BAR ROOMS.

III. Paragraphs VI and VII of General Orders No. 32, dated May 30, 1867, are revoked, and the power to grant licenses for the sale of spirituous or intoxicating liquors is remitted to the proper local authories, to take effect on and after the 1st day of January, 1868, and to be subject to the following conditions:

1. The municipal authorities granting the license shall be answerable that the parties to whom such licenses are granted, together with their sureties, shall be responsible persons and of good moral standing in the community, and that both principal and sureties shall be able to qualify individually in double the amount of the bond required, and that the bond shall be a lien upon the personal property of both principal and sureties, and upon proof of default shall warrant the summary seizure and sale of so much of the property of either or both as may be necessary to satisfy the forfeiture or fine and costs.

2. Drunkenness or disorderly conduct on the premises shall work the forfeiture of the license and of the penalty of the bond.

3. The owner or keeper of any bar-room, saloon or other place at which intoxicating liquors are sold, and all other persons interested or connected therewith, shall be regarded as principals in any action of damages growing out of any assault, riot, affray or other disorder occurring on the premises, or directly traceable thereto.

4. All bar-rooms, saloons or other places at which intoxicating liquors are sold, shall be closed on the day or days of any general or local election, and for the twelve hours next preceding the opening and next succeeding the closing of the polls at such election; and the sheriffs of counties and districts and the chief of police of cities and towns shall have power to direct the closing of bar-rooms and other places for the sale of intoxicating liquors, whenever it may be necessary in their judgment to preserve order and quiet.

5. The proceeds of all licenses, forfeitures and fines, under the local regulations or under the provisions of military orders, will be devoted to the support of the poor, and as soon as realized will be turned over to the Commissioners or Overseers of the poor of the District, County, City or Town in which they are accrued, and the Commissioners or Overseers will at the end of each month report to the Provost Marshal-General of the District the amount received by them during the month, specifying the name of the parties from whom it was received.

6. The penalties imposed by this order or by the local police regulations, may be enforced in any civil or military Court, and upon conviction the Court may award to the informer a sum not exceeding fifty per cent. of the forfeiture or fine. And it is made the duty of all Sheriffs, Constables, and Coroners of Counties and Districts, and the police of cities and towns, to be vigilant in the enforcement of the police regulations and the provisions of this order in relation to the sale of intoxicating liquors.

The provisions of this paragraph will be held to apply to such licenses granted under General Orders No. 32, to inn-keepers, as remain unexpired after the first of January, 1868.

JURY COURTS.

IV. To promote the speedy trial of prisoners confined for minor offenses, and diminish the cost of their maintenance, all committing magistrates will, on the 15th, and last days of each month, report to the judge of their county or District Court all commitments made by them during the preceding half month, specifying the date of commitments, the names of the prisoners, and the offences for which they were committed, to the end that the judges may, whenever in their opinion the number of prisoners or other considerations of public interest call for it, hold special terms and their courts, for the purpose of disposing of such cases. The additional expense of holding such special terms will be a charge upon the State Treasury, and the accounts therefor will be audited and paid as accounts of a similar character are now audited and paid, and if the salaries now paid the judges should be inadequate in view of the additional labor performed by them, a reasonable addition, upon proper representations through the Governor of the State, will be allowed.

PILOTAGE.

V. The pilotage regulations now existing in the States of North and South Carolina are so far modified that, on and after the first day of March, 1868, all passenger steam vessels, regulated by the laws of the United States, and carrying a pilot commissioned by United States Commissioners, shall be exempt from the compulsory payment of pilotage.

NORTH CAROLINA POLL TAX.

VI. So much of the act of the General Assembly of the State of North Carolina, entitled "An act to raise monies," ratified on the 20th. day of February, 1867, as makes it "the duty of all persons and corporations to list and pay the [poll] tax of such personsliable to the same, as are in their employment, on the 1st. day of April of each year, as laborers," is rescinded, and hereafter all individual taxes will be assessed directly upon and collected directly from the individuals from whom they are due; *provided*, that the provisions of this order shall not apply to the taxes levied for the current year except that double poll tax shall not be enforced if the original tax be paid on or before the 1st. day of March, 1868
